Leadership Excellence for Women Entrepreneurs

Course Outline:

- Understand challenges faced by women leaders
- Recognize traits & skills that are imperative for leadership
- Examine common gender traps and converting gender differences to opportunities
- Recognize self-limiting beliefs, attitudes and behaviors that stand in the way to success

After attending this workshop, participants will be able to:

- Understand their own personal leadership style and its impact on others
- Build confidence in leading and dealing with leadership challenges
- Understand different styles at work and dealing effectively with these differences

Leadership constitutes today a major factor in business success for women. Understanding the differences between men and women in leadership and how that helps in creating successful and business relationships. This program is specifically designed for women entrepreneurs providing skills that women leaders need to overcome leadership challenges faced today by women in business.
